Re: Notice of Intention to Commence Small Mining Operations, KDT-J Project,
S/001/020, Beaver County, Utah

Dear Mr. Tait:

Thank you for forwarding the Notice of Intention to Commence Small Mining Operations for Bill Denney's, KDT-J Project, located in Section 10, T27S, R9W, Beaver County, Utah (Kathleen Jones claimant). Your agency's designated number for this project is UTU-71725.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. The Notice meets the general requirements of Rule R647-3 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 40-8, et seq., of the Utah Mined Land Reclamation Act of 1975.

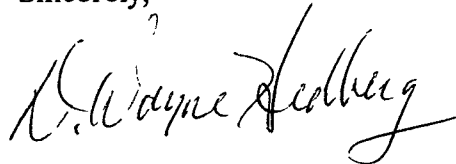

It is our understanding that the operator will be performing ongoing maintenance of the roads accessing his mining claims; therefore, we have categorized this as an ongoing small mining operation. This will alleviate the necessity for the operator to provide this Division with a new notice each year. Because the operator indicated there is pre-existing disturbance(s) on the claims, we will ask the operator to mark this disturbance on a topographic map to distinguish between what has been disturbed and what he will be disturbing. We will forward a copy of a USGS quadrangle map to Mr. Denney requesting that he label it appropriately and return it for attachment to his file record.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/001/020 when forwarding additional information on this project to us.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Wayne Hedberg". The signature is fluid and cursive, with a large, sweeping "H" and "D".
